OUR COUNTRY NEEDS SMART AND CAREFUL ADVOCATES

The Chamber of Advocates of the RA received a letter of gratitude from Seda Danielyan mother of Navasard Alaverdyan. She writes "By accomplishing the criminal case 49102014 of my son Navasard Alaverdyan I had a deal with a public defender of your Chamber Anush Mkhitaryan(licence number 282)". I want to point that Anush Mkhitaryan was appointed as a public defender from 31th January and realized the protection of my son about 9 months during the investigation. The detention was appealed by him for many times and as a result of hardworking diligent work she reached a positive result. My son Is with me now and it is due to Anush Mkhitaryan. I am grateful to the Chamber for having such kind of good, careful and smart advocates. Our country has a need of advocates like Anush Mkhitaryan.
